

OIL SPECIFICATIONS FOR CAST IRON COMPRESSORS

RECOMMENDED OILS

- 1) **Campbell Hausfeld Oil Part Number – ST126700AV**
- 2) **ISO-100 for temperatures above 55 degrees Fahrenheit. This is SAE-30, non-detergent, true compressor oil. Do not confuse this oil with SAE-30 automotive oil.**
- 3) **ISO-68 for temperatures below 55 degrees Fahrenheit. This is SAE-20, non-detergent, compressor oil.**
- 4) **Synthetic automotive oils, such as Mobile One and Royal Purple, can be used. These can usually be found at local department and automotive stores.**

OILS THAT WE DO NOT RECOMMEND

- 1) **Automotive oils, except Synthetics.**
- 2) **Automotive Transmission Fluid (ATF).**
- 3) **Hydraulic Fluids**
- 4) **Diester based synthetic oils**
- 5) **Two cycle oils**
- 6) **Oil treatment products.**
