## Item # PSWADJ, Components and Accessories

Oasis Manufacturing carries a variety of 1/4 of an inch NPT air fittings, all with dimensional compatibility with other NPT threaded fittings. Our fittings can be use to fit a threaded hole in an air cylinder, actuator, air tool handle, valve, and more. Our current selection includes adjustable pressure switches, open super chucks, male and female NPT couplers and plugs, tank and safety valves, tank gauges, and a 25-foot urethane hose. To learn more about these air fittings, please see details
